

European Job Days

INVITATION Job fairs in Sweden!

EURES Sweden would like to invite you to the events of European Job Days. The Swedish Public Employment Service and Eures are once again arranging “European Job Days”, a series of job fairs for Swedes interested in working abroad.

We're proud to say that these fairs are well-organized, well-advertised and well-attended. So, we hope your organisation will be interested in participating in one, several or all of these events in order to meet your recruiting needs from your country and to make presentations about the labour market and about living and working conditions. We would also like you to bring vacancies of interest.

Target group

The fair is targeted towards all jobseekers with an interest in finding work abroad, both short term and long term.

Purpose

Acting as a forum for employers interested in recruiting staff and for jobseekers looking for work abroad.

A number of employers, Eures Advisers and other organisations will be invited to participate.

Marketing

The fair will be marketed through advertisements in local/regional newspapers, on the PES website, on Facebook, by targeted e-mails to jobseekers, by sending e-mail to career guidance officers at secondary schools, professional schools and universities in the region.

To register and receive more information, please contact each fair's local coordinator. We would like to have your answer as soon as possible – at the latest two weeks before the actual event.

Please do not hesitate to contact us for further information!
